

Applicant: John W. Haim
Application No.: 09/880,977

REMARKS/ARGUMENTS

Claims 1-19 are currently pending in this application.

Objections to the Specification

The Examiner objected to the specification because the status of the copending application was omitted. The specification has been amended to add the status accordingly. The withdrawal of the objection to the specification is respectfully requested.

Double Patenting Rejection

Claims 1-13 and 18-19 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-9 of U.S. Patent No. 5,940,382. A Terminal Disclaimer is submitted herewith to overcome the obviousness-type double patenting rejection. The withdrawal of the obviousness-type double patenting rejection is respectfully requested.

Claims 14-17 are dependent upon claim 13, either directly or indirectly, which should be allowable in view of the terminal disclaimer filed herewith.

Conclusion

In view of the foregoing, Applicant respectfully submits that the present application, including claims 1 - 19, is in condition for allowance and a notice to that effect is respectfully requested.

Respectfully submitted,

John W. Haim
